**Sub: Notice for special meeting for Relay settings collection of BSPTCL sub-stations for implementation of Protection Database project of ERPC- reg**

Sir,

Please refer our telephonic discussion in this regard. As you are aware that the representatives of M/s PRDC have visited BSPTCL sub-stations for various data collection in respect of Protection Database project of ERPC. But the relay settings data of BSPTCL sub-stations are not yet available to them. To access these data ERPC secretariat in association with PGCIL (ER-I) and M/S PRDC want to initiate the collection process in some Sub-stations of BSPTCL from 27.3.17 to 1.4.17 in presence of protection engineers from BSPTCL. This way BSPTCL engineers will get the expertise to collect the relay data in balance sub-stations of BSPTCL on their own for the Protection Data Base Project.

To chalk out the final roadmap it is urgently required to have an interaction with you over the table in presence of your concerned officers and protection engineers in your office.

Therefore a notice is hereby given that a **special meeting** will be held on **27<sup>th</sup> March, 2017 (Monday)** at **Patna, Bihar** to design an action plan to collect the relay settings data of BSPTCL sub-stations in consultation with Powergrid and PRDC.

You are requested to kindly make it convenient to attend the meeting with your concerned officers to resolve the issue so that the Protection Database project can be implemented smoothly for the benefit of ER constituents.

Thanking you.

Yours faithfully,
