Financial loss to Maithon Power Limited (MPL) due to load curtailment on 1st August 2016 and post facto revision of schedule

- 1) There was a load curtailment on 1st August 2016 due to tripping of 765 KV Raichur Solapur Feeder-2.
- 2) ERLDC had not intimated MPL about the above curtailment due to which MPL has injected the schedule (122 MW) vide the MTOA approval No M_15_06 for Kerala State Electricity Board Limited (KSEBL) to the grid.
- 3) This 122 MW was reflecting in ERLDC schedule and subsequently in ERPC bilateral REA for August 2016.
- 4) Upon protest by KSEBL, ERLDC has revised its schedule subsequently for 1st August 2016 and ERPC also revised the bilateral REA on February 2017.
- 5) No revisions were made in DSM statement for the period, subsequent to this incident.
- 6) Due to this nearly 1.3 MUs power went unaccounted which has injected by MPL to the grid.
- 7) This has caused financial loss to MPL to the tune of nearly Rs 30 lacs.

MPL requests this forum to help in getting back this amount.
