### **Minutes of the meeting held on 18.09.2019 at ERPC Kolkata on Augmentation of Coal Supply and its transportation to various Power Stations in the Eastern Region before Puja Festivals, 2019**

The list of the participants are enclosed in **Annexure-I**

Shri J. Bandyopadhyay, Member Secretary, ERPC welcomed the esteemed delegates in the meeting. He also thanked the officials of Coal companies ( i.e CIL,CCL, BCCL &, ECL), Railways and Power stations authorities for attending the meeting

He informed that Hon'ble Minister-in-Charge, Department of Power and Non-Conventional Energy, Government of West Bengal, had taken a meeting on 20th August, 2019, wherein high level officials of Coal Companies and Railways had assured that all out efforts would be made to build up comfortable coal stock position before the ensuing Durga Puja festival. However, as on date, the coal stock position in the thermal power stations in the Eastern Region, particularly ***NTPC stations i.e. KhSTPS, TSTPS, TTPS and some of the power stations of WBPDCCL and DVC have low stock*** which demands immediate action plan for improvement. ERPC has convened this meeting to have a review of the present coal stock position of Central, States and IPPs power stations in ER and to chalk out an action plan by the power station authorities in co-ordination with Coal companies and Railways so that maximum generation from thermal stations is available and uninterrupted power supply is ensured during the Durga Puja festivals,2019.

He urged the authorities of Coal companies, Railways and thermal generating stations in Eastern Region to work in close co-ordination during the coming 10-15 days to build up adequate stock of coal in the power stations so that generation from power stations does not affect during the ensuing Puja festival.

Thereafter, the latest coal stock positions at different power plants of NTPC WBPDCCL, CESC, DPL,MPL DVC including IPPs(GMR) were reviewed by Chief Manager (M&S),CIL and respective Power stations authorities. After threadbare discussion, the plan of rake dispatch of coal from different subsidiaries of CIL was agreed upon which is furnished below;

Organisation/ Utilities	CIL Commitment of Coal Supply from				(Rakes Per Day)
	ECL	BCCL	MCL	CCL	Total
WBPDCCL	6	3	3	1	13
DPL	0.5	-	0.5	--	1.0
DVC	2.0	5.0	2	3.0	12.0
NTPC ( FSTPP )	5 MGR+ 3 IR from all sources				5 MGR+ 3 IR
NTPC (KhSTPP)	7 MGR+ 3 IR from ECL				7 MGR+ 3 IR
NTPC (TSTPS&TTPS)	By Road Sufficient coal would be supplied from various sources				
CESC	1	0.25	--	--	1.25
HEL	-	-	2	-	2
GMR	-	-	2	-	2

(MGR- Merry Go- Round, IR- Indian Railway.)

- 2) CIL representative opined that due to present problem at MCL mines and also surface transportation issues ,sufficient coal is not being transported to TSTPS,TTPS & GMR power stations in Odisha.
- 3) Depending upon the above commitment by CIL, the generating companies in West Bengal assured full generation availability during Durga Puja. WBPDCCL, DPL, NTPC, DVC CESC,HEL and GMR would maintain close co-ordination with Coal Companies and Railways for smooth availability of committed quantum of coal. If necessary, ERPC would also monitor the dispatch schedule on day to day basis with CIL and Power stations authorities. The coal stock position as on 24.09.2019 ( CEA report) is attached for reference at Annexure-II.
- 4) Railway officials present in the meeting assured availability of adequate rakes and smooth transportation of the same from source (pit head) to destination i,e respective power stations.
- 5) GMR, representative stated that they are not in a position to generate adequately due to shortage of coal. Chief Manager (M&S),CIL assured that he would look into the matter with MCL and resolve the issue at the earliest.

Member Secretary also emphasized that the present committed delivery schedule of coal supply by the Coal Companies should not in any way be at the expense of other generating companies.

CIL was requested to improve dispatches to NTPC stations in Eastern Region to ensure full availability of generation. CIL assured to make all possible efforts in this regard.

In his concluding remarks, Member Secretary urged the Coal Companies to ensure that the commitment made in the meeting are adhered to. He requested the Coal Companies to explore all possible avenues to raise the production level above the committed quantum to ease out the coal shortage problem in the Eastern Region.

The meeting ended with a vote of thanks to all.
