Subject:- Request for Financial Assistance and allocation of Additional Thermal Power.

Respected Shri. Pankaj Agarwal Ji

Sir,

Your good office is well aware of the fact that State of Sikkim is devastated with flash flood along the river Teesta basin resulting in extensive damage to Infrastructure & loss of precious life. The power Transmission and Distribution networks all along the Teesta River Basin has been swept away leaving a large swathe of area without power. However, with limited resources & access, the power department was able to temporarily restore the domestic power supply in few places but Industrial power restoration will take much longer time. The State is grappling with economic fallout and needs much support and hand-holding from your esteemed Ministry till relief and rehabilitation is completed and normalcy is returned.

In this wake of unprecedented disaster, the Power Department, Government of Sikkim faces a great challenge in restoring electricity and bring back the normalcy of power supply.

Further, during the difficult times faced by the people of Sikkim, we seek your valuable support in reconstruction activities. Accordingly, I would like to place before your good office the following assistance during this hour of crisis.

1. Special Assistance for restoration of Transmission and Distribution Networks in the affected areas: 66kV Transmission Network at many places are disrupted on account of Tower being swept along with conductors, Evacuation of power from all small hydro generating stations situated in North Sikkim are also affected due to damage in 66kV transmission tower, thereby disrupting the generation which is causing a huge loss to State exchequer. The devastation is on wider scale in 11 kV and LT feeders. In order to bring normalcy, the State requires a sum of Rs. 410 crores as additional fund for long term permanent restoration under RDSS or NEC.
2. Along with washing out of Teesta-III Dam, the Projects along the basin like NHPC owned 510 MW Teesta-V and 96 MW Dikchu HEP which were generating full capacity has been severely affected. They will take considerable time to start operation. This has led to abrupt cut in hydro power availability to the State of Sikkim by 77 MW. The winter months have started and this shortage will lead to power crisis in the State. Your kind intervention is solicited for allocation of additional 77 MW low-cost Thermal Power from unallocated quota to mitigate the shortfall.
3. Sikkim has been clearing the electricity dues in time duly fulfilling the mandate of LPS Rules. However, due to economic fallout of the devastation, the State is grappling with dire financial situation and this may lead to some delay in clearing the dues of GENCOs and TRANSCO. Therefore, your kind intervention is solicited to exempt Sikkim from LPS regime for a period of 6 months when we expect normalcy to return.

Given the urgency of the situation that the State of Sikkim is facing, we pray for an urgent and sympathetic consideration from your office, please.

Thanking you in anticipation.
With warm regards,

(T.T. Lepcha)
PCE cum Secretary,
Power Department.
